English

PROFESSIONAL OBJECTIVE

Searching for a suitable job in the organization where my experience and skills can be maximized for continuous and lasting growth and all of which will enable me to provide the best of my professional ability, job sourcing and domain knowledge.

Work Experience

One month experience in family court (family counseling)

I worked on solving family problems and writing reports on related problems. I learned from the court how to resolve issues amicably, without going to court, and we try to ensure that a person does not reach the stage of divorce, divorce, and separation.
